

# Accessible Showers and ADA Showers

Accessible Showers and ADA Showers **eliminate the 'curb'** helping people with limited mobility to walk into the shower or for a wheelchair to be rolled directly into the shower.

**Easy access** allows people of all abilities to **enjoy a safe and comfortable bathroom** without sacrificing style.

The Accessibility Professionals team has assisted many people and organizations to transform their bathrooms, making them easier to use.

We are pleased to offer you **many choices of residential Accessible showers and commercial ADA Shower styles, sizes, colors and accessories** to ensure that we can meet your needs.

Commercial ADA showers meet ADAAG guidelines when equipped with the recommended accessories.

For the most part, Accessible and ADA showers are designed and manufactured for 1 of 2 types of projects:

## Remodeling

Multi-piece Accessible and ADA Showers

Accessilbe Showers are often used for replacing an existing bathtub or adding a shower to the main floor.

Accessible shower stalls come in 3 to 5 pieces for remodeling a bathroom in an existing home, as a one piece shower will not fit through doors and hallways.

Multi-piece units are assembled in place and fit together with a beautiful water tight fit.

## New Construction

One Piece Accessible and ADA Showers

One piece showers are economical and easy to install. They are ideal for a new home or when adding an addition to a home.

ADA Showers and Residential Accessible Showers are available in a variety of one-piece sizes and styles with smooth finishes and easy to clean tile look.

To order or for more information, please call **1-877-947-7769** or visit our website **www.AccessibilityPro.com**

ADA and Accessible Showers are designed in compliance with the following codes and standards:

A.N.S.I. Z124.2 Standards for Plastic Showers-IPC. International Plumbing Code-UPC. Uniform Plumbing Code Showers meet UL and many meet CSA standards for safety and have been tested to meet industry fire rating standards. All showers come with a 3 year manufactures limited warranty (acrylic showers 5 years) on shower shell defects.

In Addition, ADA Showers are also designed in compliance with the following:

ADA Accessibility Guildlines for Building and Facilities - ANSI.A117.1 Access and Usable Buildings and Facilities

Accessories are subject to the particular manufacturers warranty.
